Topic 4: Telehealth	Nikki Stark	

Discussions:

Time allotted 30 min | 5:10p.m. | Agenda topic Human trafficking | Presenter Linda Loya

Unbound Waco- information handed out to group. Unbound will present live to grades 6-12 here at campus. "Students will learn how trafficking can occur and how they can be agents of change in their communities Teachers can have access to "Sentinels", which will give the Fifth grade students access to 3 modules each one 1 hour in length. Unbound Now, also has available videos for parents, counselors, and medical professionals. There is no charge for any of the presentations, sentinels or videos.

Questions: 1.) Kenda asked what does the videos for 5th grade entail, "maybe we should view those before hand, to prevent some upset mothers." Informed that I will view the videos before going further.

Time allotted 10 min | 5:10p.m. | Agenda topic Telehealth | Presenter Nikki Stark

Topic 3: Nikki talked about the Telehealth program to be presented to Ms. Ingram and Ms. Rucker on Friday the 24th of February. They are working on getting student information sheets to be sent out via texting. If approved will start with implementation possibly over summer break.

Questions: 1.) Linda asked Will the nurses on campus be able to continue to see other students if we have one student on telehealth with doctor? Nikki and Kenda explained that this program is so easy to use that the students should be able to do it themselves. The only thing that might come up is privacy for the student.
