

School Health Advisory Council
Comanche ISD
Annual Report
March 20, 2013

Summary of Activities

- Have conducted 3 meetings - Oct. 17, 2012; Dec. 12, 2012; and Feb. 14, 2013. A 4th meeting is scheduled for April 17th, 2013.
- Added new members to SHAC - Lisa Mims and Ruth Tippie. (Going off the committee are Fran Ferrell, Melanie Holmsley and Glenda Albin).
- Determined 2 areas of concern to the committee - (1) teen pregnancy and
(2) self-esteem/worthiness
The committee continues to want to bring in guest speakers to present programs addressing these issues. Discussed the possibility of local citizens who might be qualified, and also paying professional individuals and groups.
- Requested and were given approval to purchase a “Gold” survey monkey tool. This will help the committee create a questionnaire to use in order to gain a better understanding of our students’ needs at all 4 campus levels (hopefully finding out what is on the minds of our students at the different age levels). We will recruit the assistance of the campus counselors to develop the survey for each campus. It will be done online, and the answers will be tabulated and analyzed into data thru the survey monkey that we can use to develop and present programs for our students.
The categories we are working on for this 1st survey will be:
 1. bullying
 2. drugs
 3. sex
 4. safety/climate
 5. home environment
