Content:

Highlights from previous topics from last meeting on October 20th, 2021.

Incorporating hygiene into guidance lessons. Make power points and push them out to PE, music, computer teachers to review with kids when it is appropriate during their time with the students.

Pushing out emails to let staff, coaches know that there are hygiene supplies available at the nurse's office should students need them.

Encourage coaches to have simple hygiene talks with students to re-enforce cleanliness and the necessity of taking care of this during sports period.

Looked at the new curriculum that has been approved by TX SBOE- Goodheart- Willcox, complies with all the TEKS.

Kenda Luker presented a new curriculum that she is familiar with from Scott and White. Will look into an update curriculum.

Get a copy of the textbook of the current sex ed curriculum at the JR High to compare.
