Brief discussion on what SHAC is and the purpose of SHAC.

Topic #1 Discussed safe school area of Human Trafficking and the need to bring it more in focus for our community, students and school. Would like to have a speaker come to campuses or student program. At what age do we start to educate?

Topic #2 Discussed need for Narcan on the campuses in case of drug overdose. Where do we get it, do we already have a policy? Discussed the “Hidden in Plain Sight” program.

Topic # 3 & 4 Discussed need for alternative source for students needing glasses. Patsy to reach out to DeLeon Lions Club to help with the students that have a need now for glasses. The past voucher system was brought up by Guinn Smith. Patsy informed members that the voucher system is from membership with NASN and the cost for the nurses to join is \$159.50 per nurse per year. Question posed if district will pay for the membership?

Topic #5 Patsy and Martha Cottrell wants to get Backpack Friday in the Junior High. Guinn Smith able to inform them where to go.

Special notes:

Kenda Luker P.A. talked about Comanche Medical Center requesting grant to implement Telemed in the campuses.

Implemented Courtney Bates as Chair, Linda Loya as Co-chair and Patsy Welch as Secretary.

Thankful for the 3 high school students in attendance, asking for more.
